Broaster® 15RBW Snack-Mate™ Radiant Broiler

Standard Features

- *The ideal electric broiler for consistent, high-quality broiling of a wide range of foods.*
- *High intensity infra-red rays cook and warm foods to perfection.*
- *Convenient warming drawer for buns and holding pans for cooked product included.*
- *Compact footprint allows this unit to fit practically anywhere. Perfect for every size operation, from snackshop to full-service restaurant.*
- *Easy clean-up via removeable broiling grid and slide-out drip pan drawer.*
- *Venting Not Required in most areas (check local requirements).*

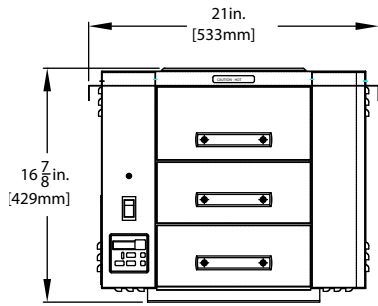

Specifications

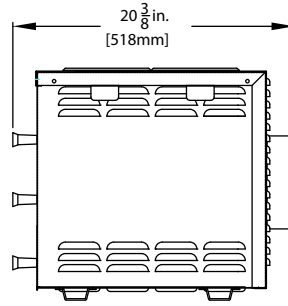

Model 15RBW compact broiling system is of stainless steel construction with easily removable side and rear service panels. Includes single drawer infra-red broiler, slide out drip pan and integrated warming drawer. Comes with two top-mounted 1/3 sized holding pans.

Unit is thermostatically controlled with digital countdown timer for pre-heat and broiling operation. Audible beep indicates completed cook cycle.
